### [1] Setting and Infrastructure (SI)

#### [1.5] Total Campus Area (meter<sup>2</sup>)

Total Campus Area (University of Samarra- Samarra- Iraq)

## Description:

The University of Samarra is located in Samarra, Iraq, within a suburban area that provides a suitable environment for higher education, scientific research, and sustainable campus development. The university campus is characterized by modern infrastructure, landscaped green areas, open spaces, and organized academic facilities distributed across the main campus.

Total area: 27500000m<sup>2</sup>

km<sup>2</sup> (2.75 ) = 2750000 m<sup>2</sup>

Total distance/circumference: 2.75 km = 1.70878 mile

The total main campus area of the University of Samarra is approximately 2,750,000 m<sup>2</sup> (2.75 km<sup>2</sup>). The campus includes colleges, research centers, administrative buildings, student housing facilities, libraries, laboratories, sports areas, internal roads, parking spaces, and landscaped gardens designed to support educational and environmental sustainability objectives.

The campus master plan demonstrates an organized distribution of academic and service facilities with dedicated green areas, pedestrian pathways, and future expansion zones. The university continuously works to improve campus infrastructure through sustainable development projects, beautification programs, and environmental enhancement initiatives aligned with the objectives of the UI GreenMetric World University Rankings.

The total campus distance/circumference is approximately 2.75 km (1.70878 mile), providing accessible internal transportation routes and pedestrian-friendly spaces for students, staff, and visitors. The campus design also supports future sustainable expansion and integration of environmentally responsible infrastructure.

The evidence provided includes campus master plans, architectural layouts, and maps showing the location, total area size, and distribution of university facilities relevant to sustainability and campus infrastructure indicators.
