### [6] Education and Research (ED)

SAMPLE

#### [6.6] Total Research Funds (in US Dollars)

- Total research fund in 2024 = 3,900,000 US Dollars (Out of which \$1,100,000 was for sustainability)
- Total research fund in 2025 = 4,200,000 US Dollars (Out of which \$1,200,000 was for sustainability)
- Total research fund in 2026 = 4,500,000 US Dollars (Out of which \$1,300,000 was for sustainability)

#### Description:

The provided figures showcase the strategic expansion of the University of Samarra's comprehensive research expenditures spanning from 2024 to 2026. By tracking the total institutional funding—which sustains all STEM laboratories, humanitarian academic outputs, and international peer-reviewed publishing (\$Scopus\$)—the data proves that the university consistently secures an elite benchmark, dedicating an average of 28.3% of its entire research budget directly toward green initiatives, eco-friendly technological innovations, and global sustainability targets.
